Section 17.2. Owner's Failure to Comply. In the event the Association determines that any Owner has failed to maintain his or her Lot and Living Unit in a neat and attractive manner consistent with the provisions of this Declaration, the Association shall give the Owner written notice of the Association's intent to provide the necessary maintenance, repair, replacement, or improvement at the Owner's sole cost and expense. The notice shall set forth with reasonable particularity the maintenance, repairs, replacements, or

improvements deemed necessary. The Owner shall have thirty (30) days after service of such notice within which to complete the maintenance, repair, replacement or improvement, or in the event that such maintenance, repair, replacement or improvement is not reasonably capable of completion within the thirty (30) day period, to commence such work and complete it within such reasonable time as is determined by the Association. One (1) notice per violation will be given and will cover any continuation of that violation.

Section 17.2.1. In an emergency, the Association may take remedial action immediately without giving the thirty (30) day notice. In such an emergency situation, in the sole discretion of the Association, the Association will not need to comply with this Article XVII Section 17.2 of this Declaration.

Section 17.2.2. Each Owner covenants and agrees that if such Owner fails to comply with the provisions of this Declaration, the Association shall have the right, without being deemed guilty of trespass, to enter upon the Lot to provide such maintenance, repair, replacement or improvement thereon as the Association may, in its discretion, determine to be necessary, at the Owner's sole cost and expense.

ARTICLE XVIII **PARTY WALLS (only on Lots 43, 44, 59 and 60)**

Section 18.1. General Rules of Law to Apply. Each wall, including fence walls and common garage walls, which is built as a part of the original construction of a Living Unit upon the Lots identified in the caption of this Article XVIII and placed on the dividing line between the Lots, and each foundation wall upon which more than one (1) Living Unit is built, shall constitute a party wall, and, to the extent not inconsistent with the provisions of this Article XVIII of this Declaration, the general rules of law regarding party walls and liability for property damage due to negligence or willful acts or omissions shall apply thereto. Penetration of a party wall for any reason is strictly prohibited.

Section 18.2. Sharing of Repair and Maintenance. The cost of reasonable repair and maintenance of a party wall shall be shared in proportion to their use by the Owners who make use of the wall.

Section 18.3. Destruction by Fire or Other Casualty. If a party wall is destroyed or damaged by fire or other casualty, any Owner who has used the wall may restore it, and if the other Owners thereafter make use of the wall, they shall contribute to the cost of restoration thereof in proportion to such use and such contribution shall be without prejudice to the right of any such Owners to call for a larger contribution from others under any rule or law regarding liability for negligent or willful acts or omissions.

Section 18.4. Weatherproofing. Notwithstanding any other provisions of this Article XVIII, an Owner who, by his or her negligent or willful act, causes the party wall to be exposed to the elements shall bear the entire cost of furnishing the necessary repairs and protection against such elements.

Section 18.5. Right to Contribution Runs with Land. The right of any Owner to contribution from any other Owner under this Article XVIII shall be appurtenant to the land and shall pass to such Owner's heirs, successors or assigns in title.

ARTICLE XIX

ARBITRATION OF PARTY WALL DISPUTES (only on Lots 43, 44, 59 and 60)

Section 19.1. Arbitration. All claims, demands, disputes, controversies, and differences that may arise under Article XVIII of this Declaration concerning a party wall shall be settled by arbitration pursuant to Chapter 710 ILCS 5/1 *et seq.*, as amended.

Section 19.2. Selection of Arbitrators. Either party to a dispute concerning a party wall may, by written notice to the other party within ten (10) days after receipt of such notice by the first party, appoint a second arbitrator, and in default of such second appointment, then the first arbitrator appointed shall be the sole arbitrator. All arbitrators appointed or selected as provided in this Article XIX shall be attorneys licensed to practice law in the State of Illinois.

Section 19.2.1. When two arbitrators have been appointed as hereinabove provided, they shall, if possible, agree on a third arbitrator and shall appoint him or her by written notice signed by both arbitrators and a copy shall be mailed to each party to the dispute within ten (10) days after such appointment of the third arbitrator.

Section 19.2.2. In the event ten (10) days shall elapse after the appointment of the second arbitrator without notice of appointment of the third arbitrator as hereinabove provided, then either party to the dispute, or both, may in writing, within fifteen (15) days after the original appointments, request the Association to appoint a third arbitrator.

Section 19.3. Arbitration Hearing and Award. On appointment of three (3) arbitrators as hereinabove provided, such arbitrators shall hold an arbitration hearing in Madison County, Illinois, within twenty (20) days after such appointments. At the hearing, the laws of evidence of the State of Illinois shall apply, and the three (3) arbitrators shall allow each party to present his or her case, evidence, and witnesses, if any, in the presence of the other party, and shall render their award, including a provision for payment of costs and expenses of arbitration to be paid by one or both of the parties, as the arbitrators deem just.

Section 19.4. Finality of Award. The award of the majority of the arbitrators shall be binding on the parties, and judgment may be entered thereon in any court having jurisdiction.

ARTICLE XX
UTILITIES/JOINT CONNECTIONS

Section 20.1. The rights and duties of the Owners of Lots and Living Units within the Property with respect to sewer, water, electricity, gas and telephone connections thereto shall be subject to the following conditions:

Section 20.1.1. Easements. Whenever connections of sanitary sewers, storm sewers, water, electricity, gas, telephone lines, television aerial lines, cable television lines or any other utilities are installed within the Property, and the connections, or any portion thereof, lie in or upon Lots or Living Units thereon owned by others than the Owner served by said connections, the Association, the utility companies and the Owners of any Lots or Living Units served by said connections shall have the right, and are hereby granted easements to the full extent necessary, to construct, reconstruct, repair, replace and maintain said connections, and to enter upon Lots or to have the utility companies or repair personnel enter upon Lots within the Property in or upon which said connections, or any portion thereof lie, to repair, replace and generally maintain said connections as and when the same may be necessary. If the Association deems the repair, replacement or maintenance of any such connection to be necessary or is requested by the Owner of a Lot or Living Unit served by any such connection to repair, replace or maintain the same, the Association shall have the right to repair, replace, or maintain such connection and pay for such repair, replacement or maintenance out of the assessments collected by the Association under Article XI of this Declaration; provided, however, that in the event that the repair, replacement or maintenance of the connection is necessitated by the act of an Owner of a Lot or Living Unit served thereby, said owner shall bear all of the cost of repair, replacement or maintenance in accordance with Article XX Section 20.1.2 of this Declaration.

Section 20.1.2. Damage or Destruction; Fault. In the event any portion of any connection or line is obstructed, damaged or destroyed through the act of any Owner of a Lot or Living Unit being served by said connection, or any of his or her agents, guests, or members of his or her family, whether or not such act is negligent or the Owner is otherwise culpable, so as to deprive the other Owners being served by said connection of the full use and enjoyment of said connection, then the Owner who is responsible for such obstruction, damage or destruction shall forthwith proceed to replace or repair the same to as good a condition as existed prior to such destruction, damage, or obstruction, without cost to the other Owners served by said connection at said Owner's sole cost and expense, and if said Owner fails to make such replacement or repair, then the Association shall have the right to do so and assess the costs thereof against said Owner's Lot and Living Unit. Said Owner, for himself or herself, or his or her heirs, successors and assigns, covenants that he or she will pay the Association said assessment upon demand or in such periodic payments as may be permitted by the Association, and that said assessment, if not so paid on the date(s) when due, shall become a continuing lien on the Lot and

Living Unit and the personal obligation of said Owner, and shall be subject to collection, enforceability, foreclosure and remedies of the Association in the provisions set forth in Article XI hereof for other assessments by the Association.

Section 20.1.3. Damage or Destruction – No Fault. In the event any portion of any connection or line is obstructed, damaged or destroyed by some cause (including ordinary wear and tear and deterioration from lapse of time) other than the act of any of the Owners being served by said connection, their agents, guests, or members of their family, then in such event, if said obstruction, damage or destruction shall prevent the full use and enjoyment of said connection by the Owner of any Lot or Living Unit served by said connection, said Owner shall notify the Association and the Association shall proceed forthwith to replace or repair said connection to as good condition as prior to such obstruction, damage or destruction.

Section 20.1.4. Restoration. In conjunction with any repair, replacement or maintenance of any connection, the premises thereby affected shall be restored to their condition prior to such repair, replacement and maintenance and the cost thereof borne as provided for the cost of repairs.

ARTICLE XXI HOME CONSTRUCTION STANDARDS

Section 21.1. Formation of Committee. An Architectural Control Committee is hereby established, and shall have authority to approve or reject the plans and specifications for any structure to be erected or constructed upon a Lot, as is further set forth in this Article XII, Section 21.2 hereof.

Section 21.2. Review by Declarant. Prior to commencement of any construction, including ground and site preparation and excavation for such construction, and prior to the erection of any building, wall, fence, or other structure upon any Lot owned by Declarant as of the date of this Declaration, the Owner of such Lot shall submit to the Declarant and the Village of Glen Carbon for approval plans and specifications setting forth the following information regarding the proposed structure:

- A. Floor Plans;
- B. Front, side and rear elevations;
- C. Exterior materials and color selections;
- D. Name of General Contractor or Construction Company;
- E. Plot plan showing front, side and rear setback lines, driveways, parking areas, and location of all structures on the Lot;
- F. Landscaping plan.

Approval of such plans and specifications and authorization for commencement of construction must be granted by both the Declarant and the Village of Glen Carbon, and such approval shall be in their sole discretion, but approval will neither be unreasonably

withheld nor conflict with any of the other terms of this Declaration regarding the characteristics of structures upon the Property.

Section 21.3. Review by Homeowners Association. From and after completion of construction and occupancy of a structure pursuant to authorization by the Declarant and the Village of Glen Carbon, respectively, no building, wall, fence or other structure shall be commenced, constructed, erected or maintained upon any Lot, nor shall any exterior addition to, removal of all or any part thereof, or exterior change or alteration in any improvement thereon be made until the plans and specifications showing the nature, kind, shape, height, materials, colors, location and other material information regarding same shall have been submitted to and approved in writing by the Architectural Control Committee of the Homeowners Association, which is hereby established in accordance with Section 8.1.8. of this Declaration. The said Architectural Control Committee of the Homeowners Association may approve the proposed structure, change or alteration if it determines that such structure, change or alteration is consistent and in harmony with the external design, types of materials, colors and location in relation to surrounding structures and topography.

Section 21.4. Building Materials and Construction. It is the intent of this Declaration that all building and structures within the Property be constructed of attractive exterior materials of high quality. In its review of submissions, the Declarant or Architectural Control Committee of the Homeowners Association, as set forth hereinabove, shall evaluate the construction standards and building materials for all proposed construction to ensure that they are in conformance with the general objectives of the project as enumerated herein. Accessory buildings, enclosures, appurtenant structures to, or extrusions from, any building or structure shall be of similar or compatible materials, design and construction. Exterior finishes once approved and constructed, shall not be altered without the express written consent of the Architectural Control Committee of the Homeowners Association.

Section 21.5. Land Use and Building Type. No building shall be erected, altered, placed or permitted to remain on any Lot other than one detached single-family dwelling, not to exceed two stories in height, excluding the basement, plus an attached garage.

Section 21.6. Sidewalks. The Owner of each Lot shall construct a sidewalk (or sidewalks) on such Lot, when and as required by the Village of Glen Carbon, at such Lot Owner's expense. If any Lot Owner fails to complete said sidewalk (or sidewalks) and deliver a letter from the Village of Glen Carbon approving said sidewalk (or sidewalks) within sixty (60) days of demand, then the Homeowners Association may complete said sidewalk (or sidewalks) and bill the cost thereof to said Lot Owners; if not paid within thirty (30) days, a lien against the Lot may be filed by the Association.

The Village of Glen Carbon requires that all sidewalks, whether located on the Owner's Lot, the road right-of-way, or both, shall be maintained by and at the cost of the Owner whose Lot the sidewalk is on or adjacent to, in accordance with the Village of Glen Carbon's then current subdivision control ordinance. In the event the homeowner fails to

repair or maintain the sidewalks as herein provided, the Village may make such repairs or perform such maintenance as the Village deems necessary and charge the cost thereof to the homeowner, and/or assert a lien upon the Lot where said repairs were made or against which said repairs are attributable in accordance herewith. The Village of Glen Carbon shall have the power and authority to maintain an action to foreclose upon said lien.

Section 21.7. Occupancy Prior to Completion of Residence. No Lot Owner will be permitted to occupy the Lot prior to completion of all aspects of the Lot and issuance of an occupancy permit therefor by the Village of Glen Carbon.

Section 21.8. Uncompleted Structures. No building, addition or alteration shall be permitted to stand with its exterior in an unfinished condition for longer than three (3) months after commencement of construction, unless such condition is the result of force majeure. All buildings must be completed within twelve (12) months from the commencement of construction.

Section 21.9. Building Location. No building shall be located on any Lot nearer to any street line than the building lines shown on the Subdivision Plat. No structure shall be located closer than seven and one-half feet (7-1/2') from any side Lot line, or closer than twenty-five feet (25') from any rear Lot line; provided, however, on Lots 43, 44, 59 and 60, and where more than one Lot is used for the construction of one dwelling overlapping the Lot lines, the side line restrictions are hereby waived as to the lines between said combined Lots; and the combined Lots shall thereafter be considered one "Lot" for purposes of this Declaration. For purposes of the setback requirements herein, eaves, steps and open porches shall not be considered a part of the building; provided, however, that this shall not be construed to permit any portion of a building, or a Lot, to encroach upon another Lot.

Section 21.10. Dwelling and Size and Miscellaneous. No one-story dwelling shall be permitted on any Lot which does not meet the minimum square footage requirements outlined below, excluding garages, any space below ground level, and open porches and balconies; no one-and-one half story or two story dwelling shall be permitted on any Lot which does not meet the minimum square footage requirements outlined below (any clerestory square footage may be counted as both first-floor and second-floor space). The character and design of garages must conform to the character and design of the dwelling structure.

Ranch	1800 square feet
Two Story	2200 square feet
Minimum 1 st Floor	900 square feet

Section 21.11. Garage Requirements. Each Lot with a dwelling shall have a garage fully capable of housing a minimum of two automobiles. All buildings, including garages, shall

be attached to the dwelling structure. Any exterior parking area will be restricted to operable automobiles, and such parking space will be allowed only upon prior written approval of the Architectural Control Committee of the Homeowners Association.

Section 21.12. Driveways and Parking Areas. The paving materials of all parking areas, driveways, and turnarounds shall be Portland cement concrete, brick or stone, and shall be subject to the Village of Glen Carbon's requirements. Driveways must be located a minimum of five feet (5') from the nearest side Lot line at the point of intersection with right-of-way and comply with the Village of Glen Carbon's zoning ordinances.

Section 21.13. Brick and Exterior Wall Requirements. The home which may be erected on a Lot shall be constructed of good quality, new materials, suitable for use in the construction of residences, and no existing building shall be placed on or moved to the Property. No tin, tarpaper, composition paper, or similar materials may be used as the exterior covering of any building. No A-frame design, modular or mobile homes, or underground homes are allowed. Brick, brick veneer, or stone is required on at least fifty percent (50%) of the entire exterior wall surface on the first floor (excluding windows and doors). A ranch style home must have the entire front of the dwelling and one side covered with brick, brick veneer or stone (excluding doors and windows). On a two-story home, the brick requirement of 50% of the entire exterior wall surface being brick, brick veneer or stone can be met by combining the front and/or sides if desired, as by making the entire front exterior wall surface of brick, brick veneer or stone. In addition to 50% of the exterior front and wall surfaces being brick, brick veneer or stone, lakefront lots must have at least 50% of the rear of the house covered with such a surface(s). The balance of the exterior walls may be natural wood siding, finished Masonite type siding, aluminum siding, or premium grade Dutch Lap vinyl siding (gauge 0.42 or 0.44 or better). **NO DOUBLE 4 VINYL SIDING IS ALLOWED.** All exterior portions of all structures shall be fully enclosed and finished, including, by way of example and not by way of limitation, all soffit, under eave, overhang and porch areas.

Section 21.14. Fence Requirements. No wall, fence, or fencing of any kind shall be allowed to be constructed nearer the front of any Lot than the line of the rear exterior wall of the dwelling. In addition, for all corner Lots, no wall, fence, or fencing of any kind shall be allowed nearer to any street than the side exterior wall of the premises facing that street. No wall, fence or fencing over five feet (5') in height shall be allowed on any Lot, nor shall any wall, fence, or fencing be located closer than one foot (1') to any Lot line. All walls, fences, and fencing shall be vinyl, aluminum or professionally constructed wrought iron construction, subject to the conditions herein set out for materials. **ALL FENCES MUST BE BLACK OR WHITE.** No chain link, wire, or other metal wall, fence or fencing shall be permitted. All walls, fences, and fencing must be submitted to, and approved by the Declarant or the Architectural Control Committee of the Homeowners Association prior to construction and must be continually maintained to present an attractive appearance, or, after sixty (60) days' notice, such walls, fences and fencing may be removed by the Homeowners Association and the cost thereof billed to the Lot Owner. If such a bill remains unpaid over thirty (30) days, a lien may be attached and filed against any such Lot.

If the Village of Glen Carbon's zoning ordinances on fencing around in-ground swimming pools is hereafter changed, and this Declaration as it currently exists will not meet the changed zoning requirements, then this Declaration will automatically be changed to adopt the minimum change required to bring the provisions of this Declaration into compliance with the new zoning ordinance.

Section 21.15. Shingle Requirements. All roofs shall be covered with HEAVYWEIGHT ARCHITECTURAL GRADE SHINGLES OR BETTER. Shingles must have a textured design and appearance and be constructed of fiberglass, asphalt, or wood materials. Questions on whether shingles meet requirements will be determined by the Declarant or the Architectural Control Committee of the Homeowners Association. NO 3 TAB SHINGLES ARE PERMITTED. All roofs must have a MINIMUM OF 6/12 PITCH FRONT TO BACK, AND AN 8/12 PITCH ON FRONT GABLES.

Section 21.16. Mailboxes and Address Blocks. All Lot Owners will be required to install MATCHING MAILBOXES and ADDRESS BLOCKS which will be furnished by the Declarant for initial installation only. Any additional mailboxes, lights, and address blocks must match and will be purchased by the Lot Owner.

Section 21.17. Construction of Residences, Maintenance of Property. During the construction, maintenance or refurbishment of any dwelling house or Lot, any littering or damage to the public and private roadways and easements in the Subdivision, and any necessary cleanup of them (including mud), shall be the responsibility of the Owner of any Lot upon which such work is being performed. During construction, maintenance or refurbishment of any Lot, the Lot must be maintained in a neat and orderly condition. All trash, scraps and debris must be placed in a dumpster or suitable container.

Section 21.18. Grades and Grading. All Lots shall have a finish grade that will allow the natural flow of surface drainage water without erosion or damage. Under no circumstances shall the Owner of any Lot or parcel of land in the Subdivision alter the topographic conditions of said Owner's property in any way that will permit or cause additional quantities of water to flow from or across the Owner's property and onto adjoining property or public right of way. Neither shall any Owner erect or construct any structure, plant any vegetation, place or allow any material to remain, or carry on any activity within the slope area established on the Subdivision Plat and plans, such as may damage or interfere with established slope ratios, create erosion or sliding of soil, or obstruct or retard the flow of water through drainage channels. Grading shall be sloped and tapered at the side or rear Lot lines in such a manner as to permit construction on an adjacent Lot without the need for retaining walls. Gutter down spouts' run-off shall be connected to storm sewers whenever permitted by municipal regulations but shall never be connected to any sanitary sewer. The slope areas of each Lot shall be maintained continuously by the Association, except for those improvements for which a public authority or utility is responsible. This paragraph is in no way intended to prevent a house or driveway from being built on any certain Lot or Lots.

ARTICLE XXII
REMEDIES AND ENFORCEMENT

Section 22.1. Enforcement. The Association, the Declarant, and each Owner to whose benefit this Declaration inures may proceed through the judicial system to prevent the occurrence or contribution to any violation or any provision of this Declaration.

Section 22.2. Suspension of Rights. The Association may suspend all or an Owner's voting rights for any period during which any assessment against such Owner remains unpaid, or during the period of any continuing violation of the provisions of this Declaration or the Rules and Regulations. Suspension shall commence when an Owner is declared by the Association to be in violation of this Declaration or the Rules and Regulations, and such suspension shall continue for an additional period not to exceed thirty (30) days after the violation has been cured.

Section 22.3. Cumulative Remedies. The remedies provided for herein are cumulative, and any specification of them shall not be taken to preclude an aggrieved party's resort to any other remedy. No delay or failure on the part of an aggrieved party to invoke an available remedy shall be a waiver by that party of any right available to him or her upon the recurrence or continuation of said violation or the occurrence of a different violation.

Section 22.4. Self-Help. In addition to any other remedy provided for herein, the Association or its duly authorized agent shall have the power to enter upon a Lot to abate or remove a violation of the provisions of this Declaration, using such force as may be reasonably necessary to abate or remove any structure, thing or condition which violates this Declaration or the Rules and Regulations. Unless an emergency situation exists, the Association shall give the violating Owner thirty (30) days written notice of its intent to exercise self-help. All costs of self-help, including attorneys' fees actually incurred, shall be assessed against the violating Owner and shall be collected as a specific assessment. Neither the Association nor its agents shall be deemed guilty in any manner of trespass by exercising the remedy of self-help granted hereby.

Section 22.5. Attorneys' Fees. The court, in any action between or among the Declarant, the Association and any other party, relating to the terms and provisions of this Declaration, may award the prevailing party reasonable expenses incurred in prosecuting or defending such action, including attorneys' fees actually incurred. In the event the Declarant or Association shall prevail in any suit brought against any Owner for a violation of any of the provisions of this Declaration, the cost of suit and attorneys' fees actually incurred by Declarant and/or the Association will be assessed as costs against the Owner. The Association may include as a specific assessment to any violating Owner the cost of any effort before legal action to enforce provisions of this Declaration. In the event that any attorneys' fees and costs are not paid by the Owner within thirty (30) days after the Association has assessed them specifically against the Owner or within thirty (30) days after judgment for them has been rendered, then those fees and costs shall bear the

maximum legal interest rate. The Association may execute and acknowledge an instrument reciting this specific assessment and record it in the Office of the Recorder of Deeds for Madison County, Illinois. Thereupon the specific assessment shall become a continuing lien on the Lot of that Owner and shall bind the Owner, his or her heirs, successors and assigns.

Section 22.6. Fines. The Board may by resolution levy a fine of up to Five Dollars (\$5.00) per day upon any Lot for the continuing violation by the Lot Owner or the Lot Owner's tenant or occupant of any provisions of this Declaration or the Rules and Regulations. Such fine shall only be imposed after the Board has given the Owner at least twenty (20) days' written notice that a hearing will be held to determine the existence of any violation, and only after the Board determines at such hearing that a violation exists. Any unpaid fines shall constitute a lien against the Lot.

ARTICLE XXIII **GENERAL PROVISIONS**

Section 23.1. Duration. The covenants, conditions and restrictions of this Declaration shall run with and bind the property and shall inure to the benefit of, and shall be enforceable by, the Declarant, the Association, or the Owner of any Lot, his or her, its or their respective legal representatives, heirs, successors and assigns, until March 1, 2034, at which time said covenants, conditions, and restrictions shall be automatically extended for successive periods of ten (10) years, unless by a vote of sixty-seven percent (67%) of all of the Owners of the Lots, it is agreed to change said covenants, conditions and restrictions in whole or in part. In the event the Subdivision is vacated, fee simple title to the Common Ground shall vest in the then record Owners of all Lots and Living Units constituting a part of the Property, as tenants in common. The rights of said tenants in common shall only be appurtenant to and in conjunction with their ownership of Lots or Living Units in the Subdivision, and none of the owners of the Common Ground shall have such rights of ownership as to permit them to convey their interest in the Common Ground except as is incident to the ownership of a Lot or Living Unit. Any sale of any Lot or Living Unit shall carry with it, without specifically mentioning it, all the characteristics of ownership of the Common Ground; provided, however, that all of the rights, powers and authority conferred upon the Association shall continue to be possessed by the Association.

Section 23.2. Severability. Every provision of this Declaration is declared to be independent of and severable from every other provision. If any provision shall be held by a court of competent jurisdiction to be invalid or unenforceable, all remaining provisions shall remain unimpaired and in full force and effect.

Section 23.3. Captions and Gender. Captions in this Declaration are for convenience only and do not in any way limit or amplify the terms or provisions hereof. All references to gender shall be interpreted as including the masculine, feminine or neuter, as the context may require, and any reference to the singular shall include the plural.

The foregoing Third Amendment, being a Restatement of the Declaration, First Amendment, Second Amendment and Restatements of Residential Covenants, Conditions and Restrictions for the Fountains of Sunset were voted on and approved by the lot owners at a duly noticed meeting on November 10, 2022, of The Fountains of Sunset Homeowners Association at a meeting, with a total of 41 in favor of the amendments and 17 against the amendments.
